

Hatchery / Nursery Stock Availability: March 2026

| Facility | Location | Key contact | Facility update |
|------------------------------|-----------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| SeaGen Aquaculture | Phillip Island (VIC) | Kylie Barrett – 0413 685 606 kylie.barrett@seagenaquaculture.com | Fast growth and condition oyster spat available for purchase now, delivery in April/May. Two more spat runs available in September: <ul style="list-style-type: none"> - South Coast Special run, from fast growth broodstock with south coast genetics - North Coast spat run, using hatchery-produced fast growth broodstock, proven performers on mid-north coast leases. Taking EOIs for Spring spat now. A photo of SeaGen stock deployed in Tuross Lakes in May 2025 exhibiting strong growth and consistent shapes is linked here. |
| East 33 | Camden Haven (NSW) | Tony Troup - 0427 334 649 tony.troup@yumbah.com | We have 4mm SRO stock available now, and ongoing, with larger sized stock available in the near future. |
| Midnight Oyster Nursery | Port Stephens (NSW) | Vanessa Blackett – 0402 594 533 midnightoysternursery@outlook.com | No update received. |
| SeaPerfect | Little Swanport (TAS) | Ian Duthie – 0409 411 322 ian@seaperfect.com.au | Triploid Pacifics are available from our Tasmanian hatchery. Our NSW hatchery (SeaPerfect NSW) is preparing for operations and we are looking forward to hearing from NSW growers that are interested in SRO or PO's produced at our facility in Moruya on the South Coast. Please contact us to discuss future spat requirements, genetic preferences, sizing and timing. |
| Camerons of Tasmania | Dunally (TAS) | Bryce Daly – 0409 060 448 Bryce.daly@yumbah.com | Next update will be provided in May. |
| Tasmanian Oyster Co. | | John Ramsden – 0455 493 066 john.r@tasmanianoysterco.com.au | No update received. |
| Victorian Shellfish Hatchery | Queenscliff (VIC) | Raeleigh Dekoke – 0418 387 172 manager@vicshellfish.com.au Phil Lamb – 0412 386 111 | The Victorian Shellfish Hatchery has successfully concluded its production period for SRO spat. If you require SRO spat later this year, we encourage you to get in touch early to secure your order. Thank you for your continued support, and we look forward to assisting you with your shellfish needs. |
| Albany Shellfish Hatchery | Albany (WA) | Jonathan Bilton – 0416 662 818 Jonathan.bilton@albanyshellfishhatchery.com.au | We have commissioned our new biosecure nursery which doubles our overall nursery capacity, and we are preparing to run multiple batches of the family lines for early Spring deployment. Please call to discuss your requirements. |

Disclaimer: To order spat, please contact the hatcheries and nurseries above. Information was accurate at the time of reporting / publishing, however spat availability can change quickly and unexpectedly and the situation may have changed. Biosecurity protocols pertinent to interstate movement of spat are in place. Diploid Pacific oysters may only be sold to Port Stephens growers.
