Spat available	<p>We have overwintered stock available in sizes from 4mm up to 12mm in both QxR stock and our own SCS line.</p> <p>We are planning to start a new run in the hatchery in a few weeks time so hopefully we'll have some new stock ready at 3mm size by the end of the year.</p> <p>Just give us a ring to discuss your requirements.</p>	<p>We have 2017 family line SOCo spat currently in the nursery that will be available at 4mm around September.</p> <p>We will start another hatchery run soon with 4mm spat from this run ready around the end of the year. Larger sized spat available also.</p>	<p>We have successfully out of season conditioned Selected Wild southern SRO broodstock and have a successful hatchery run underway, spat will be ready in late September, then another hatchery run will start at the end of August and spat ready in late October.</p>	<p>With Spring on the horizon we are looking forward to receiving our next run of spat, recently spawned by Aquafarms Queensland.</p> <p>Orders are filling quickly but we still have some available</p>	No update received	No update received	No update received

Disclaimer: To order spat, please contact the hatcheries and nurseries above. Spat availability can change quickly and unexpectedly. Whilst considerable effort has been made to provide accurate information, by the time of publishing, the situation may have changed. Biosecurity protocols pertinent to interstate movement of spat are in place.
