Spat available	We have good numbers of stock coming through the nursery which are available now as 4mm. Larger sizes will be ready over the next few months or so depending on the size required. This spat is bred from the very latest family lines that have been selected for increased growth, condition and disease resistance.	No update received.	No update received	No update received.	<p>TOC have tetraploid bred triploids coming through our Clyde River nursery.</p> <p>We also have Sydney Rock Oysters from the SRO breeding program for fast growth, condition and QX resistance, and spat from Richmond River and Wapengo broodstock.</p> <p>We also have ASI lines of diploid pacific oysters available for growers in Port Stephens.</p> <p>Please call to discuss your spat needs.</p>

Disclaimer: To order spat, please contact the hatcheries and nurseries above. Spat availability can change quickly and unexpectedly. Whilst considerable effort has been made to provide accurate information, by the time of publishing, the situation may have changed. **Biosecurity protocols pertinent to interstate movement of spat are in place. Diploid Pacific oysters may only be sold to Port Stephens growers.**
